Overview:

This is a UK

Comment [I22]: Sometimes aving two Word headings, both f which throw a page break, ses blank pages ut that's ways been a chlenge for writers of Word documents.

this EA Package had some notes, en they would prin

our models, we have a standard at ALL packages ALWAYS have some notes, even if i5 jus5 says these are the initial

ocument more readable, but ore important, i5 makes the ODEL more readable, which is important. Both for you, later on in the projectBT/en you have

e from, or for other model sers.
